Quality, Occupational Health & Safety, and Environmental (QSE) Policy Statement

Quality, Occupational Health & Safety, and Environmental (QSE) Policy Statement

Evans Built Pty Ltd provides quality services in commercial building design, construction, project management and design management. It is the goal of Evans Built Pty Ltd to complete projects on time, to be of premium quality and within budget, and to provide these services in a manner that both satisfies and meets our Clients' needs and expectations, along with all statutory requirements.

Within this goal, Evans Built Pty Ltd commits to carrying out its activities in a manner which minimises harm to the environment and strives towards the elimination of work-related injuries and illnesses.

To achieve these objectives and to continually improve our services, Evans Built Pty Ltd has implemented a fully documented Integrated Management System (IMS) which conforms to the requirements of both Australian and International Standards: ISO 9001:2015, ISO 45001:2018 and ISO 14001:2015.

We are committed to:

- Communicating this Policy and promoting the principles of our Integrated Management System throughout the organisation and supply chain.
- Demonstrating leadership, accountability and commitment to quality, safety and environmental excellence.
- Complying with all relevant legislation, regulations, standards and codes of practice.
- Delivering quality outcomes by meeting the requirements of clients, stakeholders and other interested parties.
- Providing safe and healthy workplaces by eliminating or minimising risks and preventing injury and ill health.
- Protecting the environment through pollution prevention, responsible resource use and the minimisation of environmental impacts.
- Consulting with workers and relevant interested parties to ensure their knowledge, views and concerns are considered in decisions affecting our operations, quality outcomes, health and safety, and environmental performance.
- Establishing objectives and continually improving the effectiveness of our Integrated Management System.
